BACK/VERSO

 Microprint	Tiny words on cheque should not be legible if scanned or photocopied.
 Micro-impression	Les mots en petite caractères apparaissant sur le chèque deviennent illisibles au balayage numérique ou à la photocopie.
Chemical Protection	Chemical indicators in the paper appear as stains if exposed to common ink solvents.
Protection chimique	Indicateurs chimiques intégrés au papier apparaissent sous forme de taches si exposés aux solvants d'encre courants.
Fibres	Visible only under UV light.
Fibres	Visibles uniquement sous rayon ultraviolet.
Watermarked Paper	Watermark should not appear if scanned or photocopied.
Papier filigrané	Filigrane invisible au balayage numérique ou à la photocopie.
Toner Adhesion	A treatment applied to both sides of the cheque to maximize toner adhesion. Prevents laser printed cheques against physical fraud by rolling attempts to remove, scrape or modify the printed area.
Fixeur d'encre	Moyen par lequel l'encre est fixée sur le papier sur les deux côtés des chèques. Ce traitement protège les chèques imprimés au laser contre les tentatives physiques en bloquant toute tentative d'éliminer, de gratter ou de modifier la zone imprimée.

The ease, functionality and branding capability of CanadaHelps has streamlined our donation process to a great degree. As a giving platform, it has also proven very reliable. We couldn't be happier to align with a company that has such a strong vision for supporting the Canadian philanthropic sector, and doing it well."

— Kevin Chapman, Power To Be Adventure Therapy
