

# Search & Rescue Uniform Survey

## BACKGROUND

Search & Rescue Alberta receives multiple requests each year from teams around the province asking what their "Uniform Standards" are. Until now this question has largely gone unanswered as no specified terms had been developed as of yet. At a recent board meeting the executive and regional directors agreed to explore this question and begin the process of uniform standards.

This is the first step in that process, data collection. We need to know from you, the members, what you currently use, what your future plans are and what interest you have in the development of a provincial uniform standard.

Following this process the data will be interpreted and used to form a starting point for research. The intent is NOT to replace your teams uniform but to start a phased approach to a provincial identity.

Phase 1 - 2015/2016 - Data collection and Research.

Phase 2 - 2016 - Uniform standard guidelines established.

Phase 3 - 2017 - Provincial Uniform Developed and Available for groups to purchase (optional).

Phase 4 - TBD - Provincial Identity (Uniform) mandated and protected by Government.

Should you have any questions about this project please contact the committee chair Doug Christian, NW Regional Director at [nw-director@saralberta.ca](mailto:nw-director@saralberta.ca)

Does your team currently have an established uniform?

Yes  No

Please describe your uniform components (If Applicable)

The more information you can provide the better. (i.e. Brands, Colors, Styles, Types, Stock Numbers, Manufacturer, etc...)

If you do not provide uniforms to your members but have an established standard please list it here (i.e. Blue waterproof Jacket, etc...)

Training Designation Crests	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Uniform Committee

To ensure this project is successful we need input from each member group in the province. The guidelines and ultimately the identity created by this committee will shape Search & Rescue operations at a provincial level. Please consider participating in the project to improve our organization so we can better serve our population.

Which Search & Rescue group do you represent?

Will your group provide representation on this committee?

All meetings will be virtual and held via telephone or web service.

- Yes; We are interested in participating and will provide contact information below.
- No; We are NOT interested in participating in the provincial SAR Uniform Committee.

Who is your appointed representative?

The representative of your group will be invited to and expected to participate in all meetings for the SAR Alberta provincial uniform committee.
